GET PAID FOR VIEWING ADS

Earn \$0.002 for every Text Ad and every Banner Ad you view for a full 10 seconds inside your Members Backoffice.

How it Works

Open any qualifying Text or Banner Ad from your backoffice and keep it visible until the 10-second timer completes. Each completed view pays \$0.002.

What Counts

Views must be active and in the current tab. Auto-refreshers, hidden tabs, or automation tools do not qualify and will not be credited.

When You're Credited

Credit is applied immediately after the timer completes and the view is verified. You'll see your totals update in your available balance.
